Deep Encounter by Mikala Ash A kilometer beneath the surface, in the cold, dark ocean depths, world renowned exo-biologist Samantha Price and ex-lover Mike Leigh, pilot of a deep-sea submersible, come face to face with the Mimetai, a creature that knows nothing of humanity. Hurlled to the sea bottom, their submersible incapacitated by the Mimetai and with air running out, Samantha and Mike rekindle their love and by doing so, give themselves an unexpected chance at happiness and maybe even survival. The Way to Olympia by Amanda Carrell After the tragic murders of her entire family, Olympia Abbott vows to continue their generations-long search for The Statue of Zeus. There are only two problems standing in her way-she's run out of money, and she's lost the willpower to deny her feelings for her long-term research partner, Lucas Cole. Lucas Cole is no stranger to vows. When his best friend, Troy Abbott, was brutally murdered, he had to swear to keep his hands off Troy's sister. There's only one problem with that-he can't seem to fight his feelings for her any longer. He's wanted her for too long, has loved her even longer. With the discovery of the Statue of Zeus drawing near, they're both running out of time. Who will make the first move, and what will it cost? Selkie Skin by Yolanda Sfetsos When Marisa stumbles on an injured man near the Sydney Opera House, she doesn't count on the instant attraction she feels towards him. She's drawn to him on a level she's never felt with any other man, but there's so much more than attraction between them. She doesn't want to believe what Dylan is telling her about himself, but she can't deny the the effect of his presence in her life. He touches her deeply...and makes her realize who she really is. Dylan doesn't expect Marisa to believe his claims about what he really is, but it's simply a way of life for him. The disbelief never bothered him before, but this time is different. Marisa is different. But is their connection strong enough to combat their differences? Transcended by Maggie Wylder Abigail has been dreaming about a dark-eyed man for years. Actually, yearning for him would be a better word. In the dark of night she felt his touch, sensed him, but she could never see his face. A surprise trip to a dig in Egypt to explore the Great Pyramid of Giza brings her face to face with the man who could have walked straight out of her dream. Khadur had been sentenced to a deep, magical sleep by his father thousands of years ago to save his life-condemned to spend eternity in slumber unless awakened by his soulmate. A blinding ray of light awakens him to the startling realization that she's standing in front of him-the one woman who is meant to be his. The only trouble is, she doesn't believe him. Can Khadur convince her their love has been written in the sands before a murderous colleague takes away his chance?
